HEARING ASSISTANCE

This worship space has two systems to help people with hearing loss participate more fully in our life together.

1. FM system. Get a receiver and an ear speaker from the sound booth.

2. Hearing Loop accessed by hearing aids with t-coils. Find a seat in the worship space and turn on the t-coils in your hearing aids. (You do not need a receiver or headphones.)

Talk to someone in the sound booth if you are having issues receiving the signal.
